

FIRST AID KIT CHALLENGE

Draw or stick pictures of what you think should be inside a first aid kit inside this empty one...

Show us a picture of your completed kit
using the hashtag #daisyactivities

FIRST AID KIT CHALLENGE

Notes for parent and carers:

Older children can label the items. If you have a first aid kit at home, after the challenge look through it together to see if your child has included anything from it (or before if your child is unsure of what to put in!).

Go through the items in their first aid kit, then your real one discussing with your child what each thing is used for (making sure they are aware that they should be used by adults only). This could be a good opportunity to check the 'use by' dates on all of the items inside your kit or check if you need to replenish anything.

If you are unsure of the use of anything in your kit or want any more information about first aid kits, please contact your nearest Daisy First Aid trainer. Contact details can be found at www.daisyfirstaid.com.
