

# Home Learning – Reception class

## Communication and Language

Play a game that requires turn taking like snap.

## Understanding the World

Do a bit of bird spotting. Use binoculars if you have them. Either look through the window, or, if the weathers nice, you could sit outside. Use the bird spotting sheet included in your home learning pack, tick off the birds you see.

## Create

Ask a grown up to show you how to make a paper aeroplane. (There are lots of videos on youtube!)

Test them out in your garden, measure the distance with a tape measure, Which one goes the furthest?

## Literacy - Write

Can you write a list / draw pictures of some of the gifts you got for Christmas?
