

Mathematical Skills - Progression through the National Curriculum

Notes:

- Ratio and Proportion

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Connected to previous learning, Fractions and Multiplication and Division						solve problems involving the relative sizes of two quantities where missing values can be found by using integer multiplication and division facts
						solve problems involving the calculation of percentages [for example, of measures, and such as 15% of 360] and the use of percentages for comparison
						solve problems involving similar shapes where the scale factor is known or can be found
						solve problems involving unequal sharing and grouping using knowledge of fractions and multiples.
